Pt seen urgently at request of DOC officers at Cell one B-block. Pt was involved in a fight with other inmates last night. I was called by nursing over the phone was incomplete & inconclusive so pt was placed in segregation cell.

Pt suffers from schizophrenic disorder & has been treated with:

Prolixin - Dec 25mg Q 2 wks
 Cogentin 2mg BID

He did well on this.

Pt was transferred to Bullitt in July 01. Pt's Prolixin-Dec was reduced and Elavil was added to his regimen. Soon pt began to lobby to get off his medications. This was refused.

However, pt was transferred back to KCF in Oct 01 and was lost to Fh. Even though pt's medications were on MAR, pt never took his medications and this was never reported to the
